1

00:00:01.199 --> 00:00:04.740

Town of Albion: Can you spend just a little bit busy with their tax collection duties.

2

00:02:31.920 --> 00:02:35.100

Town of Albion: turn the volume down your laptop is feeding back on here.

3

00:02:41.370 --> 00:02:41.850

Town of Albion: yeah.

4

00:03:03.240 --> 00:03:15.570

Town of Albion: So the signal will give you an idea of what a new assessment as well, basically, the taxes are going to be without any cat occasionally headspace.

5

00:03:16.800 --> 00:03:24.270

Town of Albion: So it just helps them understand what's going on, because obviously something's gonna see a 20 30% increase in the concern that the text.

6

00:03:26.160 --> 00:03:42.690

Town of Albion: It also will show that they're getting any sort of exemptions and then on the back of this, I will put my information, of how they get in touch with me what appointments economy and we're going to do it if they want, if you see the assessment with.

7

00:03:46.860 --> 00:03:52.320

Town of Albion: These are a little harder to understand and I just hope that the biggest thing that I would stress away.

8

00:03:53.610 --> 00:04:10.650

Town of Albion: Is the final column, which says market day so it's going to say, well, what was the market value, last year I think you're at 80 some percent versus what the market value position or or you're at 100% and it would really be the true difference in what will the mentor texts, one of them.

9

00:04:13.110 --> 00:04:18.420

Town of Albion: As a standard letter it's really done for most of our evaluations.

10

00:04:19.470 --> 00:04:23.790

Town of Albion: The other thing that's happened is this one's going to be.

11

00:04:25.710 --> 00:04:28.920

Town of Albion: I am in doing remember, we had to get.

12

00:04:30.390 --> 00:04:33.780

Town of Albion: The state, he was values for all state on foursquare.

13

00:04:35.310 --> 00:04:41.250

Town of Albion: And they sent me the list and I started entering them, and I mean we can serve up and says wow big changes.

14

00:04:42.930 --> 00:04:45.690

Town of Albion: So I called contacted.

15

00:04:47.370 --> 00:04:53.430

Town of Albion: The State forest representative Why are these some of these numbers so differently best differently than what they were last year, so much forward.

16

00:04:54.960 --> 00:05:04.950

Town of Albion: And he really could give me a good answer, which was no surprise to me, but I think what happened was when name oh so all those properties to state.

17

00:05:06.360 --> 00:05:10.680

Town of Albion: The name will properties were being valued as riverfront properties.

18

00:05:12.450 --> 00:05:18.000

Town of Albion: state now is said well it's they don't give a rat's behind about riverfront third has value metric for us.

19

00:05:19.080 --> 00:05:27.390

Town of Albion: So they can work with a value for Barry acreage then they come up with what they say, is a value for the temperatures on it and two together in this group that is.

20

00:05:29.880 --> 00:05:33.900

Town of Albion: All fine and dandy but really what it boils down to the you're losing \$2 million.

21

00:05:38.820 --> 00:05:43.260

Town of Albion: They also gave us you guys reach for utilities and you picked up by the half a million there.

22

00:05:44.550 --> 00:05:49.080

Town of Albion: whatever reason, the National Grid some of the stuff was.

23

00:05:50.400 --> 00:05:52.050

Town of Albion: National Grid doesn't update doesn't.

24

00:05:53.070 --> 00:05:54.510

Town of Albion: reveal why.

25

00:05:56.520 --> 00:05:59.010

Town of Albion: The way I guess you when you have money, money talks.

26

00:06:00.870 --> 00:06:03.060

Town of Albion: So that that was.

27

00:06:04.320 --> 00:06:04.680

Town of Albion: The other.

28

00:06:05.700 --> 00:06:07.380

Town of Albion: And i'll be your copy of these.

29

00:06:10.080 --> 00:06:13.950

Town of Albion: interesting to have a lot of State for us all section.

30

00:06:15.480 --> 00:06:16.710

Town of Albion: Which means is fully exempt.

31

00:06:18.060 --> 00:06:19.410

Town of Albion: status as a pain now.

32

00:06:21.120 --> 00:06:28.980

Town of Albion: Okay, the biggest one would be the technicians, which is in some ways around three and a half million and there's then there's a couple of them won't for some buildings.

33

00:06:31.290 --> 00:06:35.550

Town of Albion: I had no idea why the renewal section eight and I haven't ever asked me.

34

00:06:37.170 --> 00:06:45.930

Town of Albion: Again, why would they be enrolled sexually Why would they least being force fed is going to be paying least force the dairies on my end any answer back.

35

00:06:46.620 --> 00:06:59.040

Town of Albion: They went to your liaison here and she's going through her higher ups, as the questions I don't know I don't know if i've ever seen that lunch roll session a property in the tunnel and then bounce to.

36

00:07:01.440 --> 00:07:02.730

Town of Albion: Almost \$9 million.

37

00:07:03.870 --> 00:07:14.850

Town of Albion: If you take away the hatchery and some of the other ones, which are on tour and a half million items like for \$4.4 million dollars, it has stayed on for us in the.

38

00:07:18.420 --> 00:07:19.530

background work on that.

39

00:07:20.970 --> 00:07:22.740

Town of Albion: i'll be glad I got that.

40

00:07:26.070 --> 00:07:30.660

Town of Albion: I had on my accounting major that New York state reforestation.

41

00:07:31.980 --> 00:07:35.280

Town of Albion: it's not complete, yet I haven't counted as a.

42

00:07:37.530 --> 00:07:47.430

Town of Albion: way to tell us tell me what you've already paid and Martin books but, as of now haven't gotten any you only thing I.

43

00:07:48.120 --> 00:07:55.560

Town of Albion: do know what I was doing all this and I talked with a couple other real property directors, that I don't let these really good over the US vehicle but.

44

00:07:56.520 --> 00:08:05.160

Town of Albion: You know she's a little green, yet I talked to a couple of the gentleman that I know and some of the other county directors and you may get a transition on the.

45

00:08:06.420 --> 00:08:13.830

Town of Albion: State forest land that they are paying taxes, what a transition is it will start to make a difference of one thing we're paying what they are gonna pay.

46

00:08:14.430 --> 00:08:23.310

Town of Albion: and have that slowly gets reduced down to nothing over some of the Year period I don't know exactly how long but it's a way of.

47

00:08:23.760 --> 00:08:30.060

Town of Albion: So you don't get hit with it all once it's kind of more and more gradual so i've got again.

48

00:08:30.750 --> 00:08:38.340

Town of Albion: emails into about it they've responded saying they're talking asking questions so we'll see where that goes but.

49

00:08:39.240 --> 00:08:49.080

Town of Albion: The the goal sexually words I don't I don't quite understand, especially on all the force that something while, for we have in the end of the tunnel and all that out there at.

50

00:08:50.370 --> 00:08:57.000

Town of Albion: All but a year and a half of a key was going to be working on a resolution to go.

51

00:08:59.730 --> 00:09:13.350

Town of Albion: To treat the land have available, which is shared by android perish now to be taxed similar to like that you have, and it was was actually written, then the real property law yeah.

52

00:09:15.450 --> 00:09:29.010

Town of Albion: They have brought it up with our legislators haven't progressed in the legislature on any time I heard this was something that there's multiple state lands in the Tokyo region that are.

53

00:09:29.940 --> 00:09:39.060

Town of Albion: reimbursed by the state that different lovers there's land on the red pill that's a very fair amount and then there's less like around here that.

54

00:09:40.470 --> 00:09:47.220

Town of Albion: So we came up with the resolution that each of the municipalities and I speak of county in the together religion.

55

00:09:48.960 --> 00:10:00.000

Town of Albion: adopted longer the two Councils, the government representing those governments to or toggle to take with them to give to our legislative delegation.

56

00:10:01.020 --> 00:10:04.590

Town of Albion: To see if the legislation could be amended to.

57

00:10:05.850 --> 00:10:14.430

Town of Albion: get some reimbursement a greater level of reimbursement to the municipalities and then, of course, and we have done that.

58

00:10:15.060 --> 00:10:23.130

Town of Albion: First call it came along in the state hasn't been real anxious to come up with more ways to distribute money than focusing on ways that they can.

59

00:10:23.820 --> 00:10:29.400

Town of Albion: use it to fight with they have to fight some I don't want to reading the beginning of January, he mentioned that.

60

00:10:30.060 --> 00:10:41.910

Town of Albion: It was going to be tough so right now, the former climate is tough but not surprising things happen, sometimes, the main thing is because you have them behind that.

61

00:10:42.780 --> 00:10:52.290

Town of Albion: We want to make sure I mean did that, when we met as a seminary crew that intention is that, yes, it's something that we want to pay attention to and keep.

62

00:10:53.250 --> 00:11:03.690

Town of Albion: Pushing on because it certainly won't happen to save money to come out and spontaneous they offer you more money for your state on land you're not asking for it.

63

00:11:04.770 --> 00:11:14.880

Town of Albion: You can ask again and the light about it and they may say no, again, but over time they know that you're interested in it you're not going to let it out of your.

64

00:11:17.190 --> 00:11:21.780

Town of Albion: Out of out of your interest or what you as a community need.

65

00:11:23.130 --> 00:11:33.330

Town of Albion: mayhem but it won't happen to forget about it so i'm glad you brought that up here, because it is something that we've been trying to do in concert and what the basically the direction of the towns and.

66

00:11:34.290 --> 00:11:38.370

Town of Albion: us through the candidate and toggle region and Jersey Council government represents come.

67

00:11:42.750 --> 00:11:43.290

Town of Albion: On.

68

00:11:45.270 --> 00:11:49.770

Town of Albion: i've had just about finalized with the values on the.

69

00:11:50.940 --> 00:12:00.480

Town of Albion: Assessment records so i'm going to contact the county in the in the process of doing those letters and then one service of process.

70

00:12:01.980 --> 00:12:02.520

Town of Albion: I will.

71

00:12:03.810 --> 00:12:12.720

Town of Albion: I probably will take the staples and then print it out and then we'll put a notice on the back i'll get in touch with me for making appointments to reuse assessment.

72

00:12:13.950 --> 00:12:19.740

Town of Albion: I don't know this time that we started with us in March that wouldn't be a good idea to do one on one.

73

00:12:22.740 --> 00:12:30.780

Town of Albion: You can i'll have discussion with the back and forth before the voters vote executive guys want me to do I, I would hope the majority of it would be performed.

74

00:12:32.430 --> 00:12:42.510

Town of Albion: I can mail stuff the property and they want to see the information I can always put it in the in the mail to me last year I did this for every meal stuff.

75

00:12:45.360 --> 00:12:47.010

Town of Albion: But the other thing is.

76

00:12:48.330 --> 00:12:51.480

Town of Albion: starting next meeting will be probably.

77

00:12:52.710 --> 00:13:01.860

Town of Albion: The most is quality Florida next time I will not come and reason being is some nice you're complaining about the assessment assessment before for us to be discussing.

78

00:13:03.840 --> 00:13:09.780

Town of Albion: And when I would express in a view to do on the board to have something or you got problems just email me.

79

00:13:10.470 --> 00:13:20.490

Town of Albion: They can call this person or didn't call that we need to discuss something or whatever, and you know, look into it that way for us and get back to let you know the outcome of those meetings.

80

00:13:22.320 --> 00:13:39.420

Town of Albion: When they do come in these mediums we review everything there isn't a determination major there's a second notice usually by really in the first week of name and, obviously, every time after that would be to either a stipulation when I sit with role or three ingredients.

81

00:13:40.500 --> 00:13:45.330

Town of Albion: So, technically, they do have two or three opportunities and, obviously, they can also go to small planes.

82

00:13:46.260 --> 00:13:52.170

Town of Albion: The commercial properties within the paralegal search worry, but hopefully we won't have.

83

00:13:53.100 --> 00:13:58.620

Town of Albion: Too many the goal that way, because obviously going across all this money to do that so hopefully I can resolve muscles.

84

00:13:59.340 --> 00:14:12.780

Town of Albion: The hotel, which was probably the biggest ones they've already agree, I think, on the assessment, I don't think we're gonna have any issues or problems plan and the dollar store is I didn't put it was sold for you know sold \$4.

85

00:14:14.700 --> 00:14:18.150

Town of Albion: million, or something so yeah but now.

86

00:14:20.250 --> 00:14:20.850

Town of Albion: You know why.

87

00:14:21.990 --> 00:14:31.170

Town of Albion: Those things are a goldmine what they what happens is the development comes and picks up the building isolated and then they get a 20 year lease from knowledge and or whatever those are.

88

00:14:32.880 --> 00:14:36.690

Town of Albion: They record it as a lane and building so are really is a 20 year lease.

89

00:14:37.890 --> 00:14:44.160

Town of Albion: So the 20 year lease which is probably ridiculous that's to somebody thinks it's worth doing and.

90

00:14:46.350 --> 00:15:00.840

Town of Albion: I had one in the village village, especially down in the field county so for it i'm seeing which most of them articulate to like 150 \$175 a square foot and you and I both know that those buildings are 60 to \$70.

91

00:15:01.980 --> 00:15:12.330

Town of Albion: It would be a lot, so I mean their way above what even the cost of building so but that's the nature of the beast the other ones like it is the drugs or drug stores.

92

00:15:13.590 --> 00:15:16.140
Town of Albion: They were like 200 to \$250.

93
00:15:17.760 --> 00:15:24.540
Town of Albion: Because, at least those are just so phenomenal and again it's because it's putting money in your professors.

94
00:15:28.200 --> 00:15:30.630
Town of Albion: don't think I really have anything else, like.

95
00:15:32.160 --> 00:15:39.390
Town of Albion: These seniors when i'm here, I have one more day here the last day I said I only had like four or five people come in.

96
00:15:39.930 --> 00:15:47.220
Town of Albion: i'm updating all the seniors have an actually known, they have to come in through assessments or other exception have been updated automatically.

97
00:15:48.000 --> 00:15:57.720
Town of Albion: Enhanced people obviously don't have to condemn because they're not by the state, the anger, the only ones I really sit down with you have that most goes back on.

98
00:15:58.770 --> 00:16:08.730
Town of Albion: And I have one more to the Amish kids and family right now i've got those three so everything else needs to be in pretty good shape the other thing with the NGOs, I had to read.

99
00:16:09.420 --> 00:16:24.540
Town of Albion: figure those with a new assessment somebody else but I got them all done today then the system, so I before I mail is, and I will give you a heads up so you know take your phone off the hook or something whenever you're running for a while.

100
00:16:25.800 --> 00:16:27.270
Town of Albion: And I will punch.

101
00:16:28.620 --> 00:16:38.640
Town of Albion: For if you want, I will print out some sales and just given to you guys, you have something to look at just to you know.

102
00:16:39.960 --> 00:16:46.500

Town of Albion: Not just want to get into a deep discussion with somebody but if someone gives you a fairy tale, you can look through and see whether it's true or not true.

103

00:16:47.370 --> 00:16:56.100

Town of Albion: And you know, there are some you know there's gonna be some areas, I just want to hear something we need to get straight down had no problem fix it.

104

00:16:57.960 --> 00:17:02.790

Town of Albion: What do you do this org think you're 100% perfect don't have.

105

00:17:05.760 --> 00:17:07.470

Town of Albion: Any other questions from anybody.

106

00:17:09.240 --> 00:17:10.680

Town of Albion: So you were here.

107

00:17:12.180 --> 00:17:29.040

Town of Albion: doing some some senior already or 0.6 26 and they had a couple of people today with the egg and I did have a couple seniors man, I totally didn't need to because the state pass the corporate finance, but.

108

00:17:30.390 --> 00:17:32.010

Town of Albion: I don't have to meet with any of them that.

109

00:17:33.930 --> 00:17:40.200

Town of Albion: We just have now if it's a new one, now the words somebody didn't come just fell below and white or.

110

00:17:41.970 --> 00:17:54.720

Town of Albion: They just turned 65 and, obviously, they need to address it ASAP because that's been done before the first of March, but any any ones that are already on the books those don't do anything girl said.

111

00:17:55.830 --> 00:17:59.280

Town of Albion: told by a State is automatically updated with the incomes over there.

112

00:18:01.110 --> 00:18:11.400

Town of Albion: So those are also anybody turning 65 this calendar year that still get the basic style needs to let me know so the assignment for the audience on my husband.

113

00:18:15.930 --> 00:18:17.580

Town of Albion: Okay, so you need to sign up for the names.

114

00:18:19.980 --> 00:18:26.340

Town of Albion: Leslie for his birthday it's this whole year, so it will be turning 65 on December 31 of all.

115

00:18:28.440 --> 00:18:32.310

Town of Albion: In fact, and then savings as well, I know it's.

116

00:18:34.650 --> 00:18:41.010

Town of Albion: Like 12 hours and doesn't affect the time ya know so one of the other.

117

00:18:46.740 --> 00:18:47.550

Town of Albion: Any other questions.

118

00:18:51.300 --> 00:18:53.520

Town of Albion: Is I get interest from the state and some of this, I will.

119

00:18:54.570 --> 00:18:59.220

Town of Albion: shoot you some back and forth, hopefully, at least to a transition and the.

120

00:19:00.330 --> 00:19:04.380

Town of Albion: ones that I pay property tax, so one quick the Chakra system.

121

00:19:06.540 --> 00:19:12.690

Town of Albion: So you are going to start having an office hour we're going upwards you.

122

00:19:13.710 --> 00:19:20.640

Town of Albion: know when these notices what i'll do is i'll take appointments so people will know exactly what i'm one of the year, like.

123

00:19:21.150 --> 00:19:27.690

Town of Albion: She calls it, he might want to review my assessment that's the time and date meet you or call you back.

124

00:19:28.620 --> 00:19:32.400

Town of Albion: On sort of all the appointments and then start reviewing the people themselves.

125

00:19:33.210 --> 00:19:47.040

Town of Albion: I come in here, and I think that's when the Max because then you're just going to get people wandering in enough if they call make an appointment, we have a does need a time that we're going to review this never there will have 2030 people back at the door.

126

00:19:50.670 --> 00:19:50.970

Town of Albion: yeah.

127

00:19:53.130 --> 00:20:01.230

Town of Albion: that's that's what we did that's normally what we do when we do a revaluation you set up a phone bank for four or five days with everybody call make their appointments.

128

00:20:01.710 --> 00:20:07.860

Town of Albion: Then you start reviewing it with the people either I mean at that point if somebody really does want to come into the office.

129

00:20:08.490 --> 00:20:16.170

Town of Albion: And what i'm going to do is buy a table outside the door, let him sit there, and on the inside, and we can discuss it back and forth and.

130

00:20:16.560 --> 00:20:24.420

Town of Albion: They want me to put something I put some time and give it to something like that, but everything will be by appointment, so there won't be a backup or people just wandering around.

131

00:20:25.500 --> 00:20:33.810

Town of Albion: which I think is gonna be helpful, everybody is obviously don't want to be we're making copies haven't written on the back of the letter.

132

00:20:34.920 --> 00:20:36.300

is going to have this contact and.

133

00:20:37.860 --> 00:20:47.250

Town of Albion: Then why don't we give that a try and if we get a lot of complaining or comments and we'll we'll readdress.

134

00:20:51.900 --> 00:20:52.860

Town of Albion: Well, the other thing is.

135

00:20:54.570 --> 00:21:09.210

Town of Albion: i'm here for days and May, when I sit on your own news as it is to own my phones or or chocolate been bugging her for a while, so the 16 and 20 hours and i'm here that I have to be here because it's just a mandate.

00:21:10.890 --> 00:21:18.150

Town of Albion: You know that's no time that people can spending more stuff with me also that I am physically in the building at that time.

137

00:21:18.990 --> 00:21:30.810

Town of Albion: And then obviously there's grievance Day, which this year, probably might be a little bit longer than one it's usually we sit here and swap stories from the three hours and I met Michelle.

138

00:21:33.510 --> 00:21:43.290

Town of Albion: Well, the point is that i've heard in the past is nobody's ever here number here and what they say is you never returned her hotel.

169

00:24:51.120 --> 00:24:59.310

Town of Albion: I expected we've gotten surprisingly now and it's usually the opposite the roads are pretty pretty covered themselves they're much better, as I got closer to the LP and.

170

00:25:00.630 --> 00:25:16.620

00:25:26.100 --> 00:25:29.010

Town of Albion: With us not at doing the local government conference.

174

00:25:30.270 --> 00:25:39.180

Town of Albion: This year, because we're unable to because we don't have to sell it to the whole debt and we could not allow it if we could because we couldn't get as many people together, as we have at the conference.

175

00:25:39.840 --> 00:25:50.910

Town of Albion: We are working on conducting other training via zoom and other ways and with unlimited local attendance where the space is pretty impressive able to do that.

179

00:26:11.460 --> 00:26:12.840

Town of Albion: coming in this is that.

180

00:26:14.220 --> 00:26:20.610

Town of Albion: I know of one Community at a time of Western role where they basically don't have their building generally open.

181

00:26:21.090 --> 00:26:29.280

Town of Albion: But they've installed basically a video doorbell that when you push the button, there is a connection with the town clerk's office.

182

00:26:29.670 --> 00:26:36.570

Town of Albion: And she can see who it is, and she can buy them in and it also allows for contactless.

183

00:26:37.200 --> 00:26:49.650

Town of Albion: unlocking alliterative key bombs, so people that are assigned key fobs obviously those aren't easily duplicated, which is a mental problem with municipal buildings if they don't if they haven't bought the the secure locks and keys.

184

00:26:50.760 --> 00:26:54.360

Town of Albion: This is operated off key topics and, obviously, those are much more difficult to.

185

00:26:55.440 --> 00:27:09.360

Town of Albion: get around, so I don't know how much it costs i'm going to be much more tomorrow and i'll probably asked him to this get a cost but so far they've been pretty happy with it, so I just thought we mentioned that he was a possibility, if that was something would serve your needs.

186

00:27:11.850 --> 00:27:12.180

Town of Albion: and

196

00:28:20.130 --> 00:28:23.400
Town of Albion: With a quick history lesson I can pile.

197

00:28:24.990 --> 00:28:29.130
Town of Albion: it's, on the other side of the county clerk back in 1946.

198

206

00:29:46.020 --> 00:29:52.800

Town of Albion: Then do a quick test if they ask about three four days will be done after almost 4000 so far.

207

00:29:54.270 --> 00:29:56.550

Town of Albion: But we're limited on how we test we get we.

208

00:29:57.660 --> 00:30:08.220

Town of Albion: Get the you might not come to as Mary might get 100 you might get 500 feet off, so the counties that are time with the state is they'll tell them that they're.

219

00:31:34.350 --> 00:31:36.090

Town of Albion: Now the health department is working with.

220

00:31:37.530 --> 00:31:38.010

Town of Albion: Schools.

221

00:31:39.090 --> 00:31:40.170

Town of Albion: Just asking.

222

00:31:41.760 --> 00:31:58.560

Town of Albion: The forest fires goals it's on swing back down and we're.

226

00:32:34.140 --> 00:32:42.330

Town of Albion: we're a moment all at one time that we're back down to 464 that's a February for, so it is coming back down.

227

00:32:43.980 --> 00:32:48.810

Town of Albion: 29th of January we had 488 active cases.

228

00:32:53.070 --> 00:32:57.510

Town of Albion: And I was in January we get 571 so it's coming down slowly.

229

00:32:58.530 --> 00:32:59.070

Town of Albion: Hopefully.

230

00:33:00.660 --> 00:33:02.850

Town of Albion: working to get vaccinated more people.

231

00:33:03.870 --> 00:33:04.920

Town of Albion: Like my rules.

232

00:33:06.540 --> 00:33:07.140

Town of Albion: They have less.

233

00:33:08.340 --> 00:33:08.850

Town of Albion: viruses.

234

00:33:09.960 --> 00:33:14.250

Town of Albion: That it's not the number of deaths apart at Pfizer accounting.

235

00:33:16.890 --> 00:33:17.880

Town of Albion: For disease.

236

00:33:21.600 --> 00:33:22.650

Town of Albion: Any other questions.

237

00:33:28.020 --> 00:33:28.200

Town of Albion: To.

238

00:33:30.060 --> 00:33:38.070

Town of Albion: Have legislator said absolutely i'd like to have mendocino county because for years now, when they've done their flu shot vaccinations they've done.

239

00:33:39.240 --> 00:33:51.930

Town of Albion: certain number of basically mass inoculation drills training and like they had to do a lot of people in the short time and I think that experienced probably helped us to the county with doing what they're doing now, where that he said, the problem isn't.

240

00:33:52.950 --> 00:33:59.400

Town of Albion: doing it, the problem is getting back into rehab so a single county was was ahead of the curve on that one.

241

00:34:00.000 --> 00:34:06.300

Town of Albion: Little thing I thought I mentioned that you mentioned about Potsdam is that Dr Gill staff are actually participating in the inoculation.

242

00:34:07.110 --> 00:34:17.610

Town of Albion: program we have three of our staff and several of them have gone to Potsdam or multiple days to help with all the paperwork there's one.

243

00:34:18.420 --> 00:34:31.350

Town of Albion: In training to be able to do the injection because he has a medical background, but we've also had people just doing the paperwork that needs to be done, the other thing so i'm your staff has been an active participant in helping with them.

244

00:34:41.280 --> 00:34:46.440

Town of Albion: and get them pass off the BAT me they did a girl scout cookies.

245

00:34:48.600 --> 00:34:59.070

Town of Albion: cookies come into this one location hundreds of boxes to check their local county did, that the practice ones first at cooking so over, and I have nationwide.

246

00:35:00.210 --> 00:35:00.780

00:35:02.160 --> 00:35:04.470

Town of Albion: Over breakfast pays off hero calc.

248

00:35:07.380 --> 00:35:10.500

Town of Albion: Service purposes, at the same time, like.

249

00:35:20.850 --> 00:35:24.510

Town of Albion: A superintendent not here procedure today.

250

00:35:26.250 --> 00:35:26.640

Town of Albion: will be.

251

00:35:27.660 --> 00:35:28.860

Around directly.

252

00:35:29.910 --> 00:35:47.880

Town of Albion: At bennett's here we have any questions, I know that we kind of got the water problems fixed and ended up being there was a fight, and I think, because the Hulk grand so much trying to pump water burned out so we're placing on and the broken pipe and I think you have.

253

00:35:54.870 --> 00:35:56.400

Any questions for ED.

254

00:36:00.300 --> 00:36:01.050

Town of Albion: Are you getting tired.

255

00:36:03.300 --> 00:36:05.550

Town of Albion: A little bit sensitive very.

256

00:36:08.130 --> 00:36:08.460

Town of Albion: General bills.

415

00:57:01.980 --> 00:57:02.010
wow.

416

00:57:41.700 --> 00:57:42.510
Town of Albion: Any other questions.

417

00:57:48.480 --> 00:57:48.810

Town of Albion: For me.

418

00:58:00.270 --> 00:58:00.840

Town of Albion: previously.

419

00:58:02.280 --> 00:58:02.730

Town of Albion: No.

420

00:58:04.890 --> 00:58:05.670

Town of Albion: return.

421

00:58:16.710 --> 00:58:17.970

Town of Albion: motion to accept.

422

00:58:37.530 --> 00:58:49.980

Town of Albion: We should look at page 6969.

423

00:58:56.910 --> 00:58:59.760

Town of Albion: Recently, last time we talked about a screen.

424

00:59:08.910 --> 00:59:09.270

Town of Albion: Because.

425

00:59:11.550 --> 00:59:12.630

Town of Albion: it's kind of a nice idea.

426

00:59:23.790 --> 00:59:26.610

Town of Albion: Like I worry you don't have so many there.

427

00:59:33.870 --> 00:59:34.320

Town of Albion: Are there.

428

00:59:42.660 --> 00:59:44.280

Town of Albion: Are we researching a little bit i'll.

429

00:59:47.550 --> 00:59:47.880

Do it.

430

00:59:50.100 --> 00:59:52.500

Town of Albion: Before when we get it actually.

431

00:59:54.120 --> 00:59:57.300

Town of Albion: Will order every road he has no.

432

00:59:58.350 --> 00:59:58.890

Town of Albion: No, no.

433

01:00:03.630 --> 01:00:05.550

Town of Albion: I don't want to cause us extra work.

434

01:00:14.550 --> 01:00:16.140

Town of Albion: outside of this stuff inside.

435

01:00:18.780 --> 01:00:19.050

Town of Albion: here.

436

01:00:47.640 --> 01:01:02.910

Town of Albion: Okay, we also touched on the solar curium and I had forwarded you guys some information from Eric and all information and I talked with matt Johnson as well, via email it's.

437

01:01:05.010 --> 01:01:08.040

Town of Albion: Initially I thought it was crazy it's not as easy as I thought.

438

01:01:13.380 --> 01:01:13.770

Town of Albion: So.

439

01:01:15.510 --> 01:01:16.830

Town of Albion: You want to move forward with it.

440

01:01:19.500 --> 01:01:24.870

Town of Albion: I think it's in our best interest to really get something out there, so that these things are.

441

01:01:26.250 --> 01:01:28.890

Town of Albion: The governor's, as you know, we all know, the issue.

442

01:01:31.170 --> 01:01:33.570

Town of Albion: Easy pathway to getting these things done.

443

01:01:36.210 --> 01:01:40.890

Town of Albion: Maybe Paul you think man is the document all those.

444

01:01:41.910 --> 01:01:51.960

Town of Albion: Together with them a little worn sure to two thoughts on that first is the moratorium itself is not difficult, you need to pass a local law, which means need to go through the.

445

01:01:52.500 --> 01:02:00.360

Town of Albion: Local law procedure, which means you need to develop it through a public hearing about the pilot how that can be done.

446

01:02:00.870 --> 01:02:07.980

Town of Albion: pretty quickly in the product was urgent, you can even have a special meeting to do some of those things, so you can have more time in place.

447

01:02:08.520 --> 01:02:15.930

Town of Albion: fairly quickly and fairly easily and so that would be available to work with you on that all what the moratorium, does the medically.

448

01:02:16.620 --> 01:02:21.840

Town of Albion: Again, you can customize moratorium to what you want a lot, but a lot of municipalities have said is.

449

01:02:22.410 --> 01:02:33.510

Town of Albion: they're not really all that concerned on an individual landowner having wind or solar on their land on hostile scale, but they're concerned about is like scale solar.

450

01:02:34.350 --> 01:02:49.890

Town of Albion: Farming solo the spoke to their moratorium so that's what the moratorium is on the sole purpose of the moratorium is to buy yourself a time, you need to work through the matters that you want to control.

451

01:02:51.330 --> 01:02:56.400

Town of Albion: Completely and on a timely basis, so you know you don't drag your feet out, excuse me to drag your feet.

452

01:02:56.880 --> 01:03:04.920

Town of Albion: of our dream is typically for six months, and you can expand it if you need to have that same process will walk process.

453

01:03:05.370 --> 01:03:12.090

Town of Albion: And you're only really only supposed to do that if you really need it, you need to basically be able to justify that you've been working on and in between, but you can.

454

01:03:12.570 --> 01:03:20.280

Town of Albion: Ask more term and then just sit back for six months and fail again probably get worked out so it's meant to be something where it's a.

455

01:03:21.450 --> 01:03:38.370

Town of Albion: purposeful thing of thing on your time to give you the time to do things in a reasonable way of those and but, as I said, matt would be available to work with you, with you, both on the monitoring, which is pretty straightforward and also on developing actual controls.

456

01:03:41.250 --> 01:03:49.020

Town of Albion: Victorian is like a local law is a law, but only good for six months, it would be effective for six months, correct.

457

01:03:50.910 --> 01:03:51.390

And what.

458

01:03:52.710 --> 01:03:53.610

Town of Albion: Will you gain.

459

01:03:54.900 --> 01:04:07.350

Town of Albion: During that well basically what they've already turned on the foot brake on anybody doing a large scale, with your soul development if they were planning on doing it if it isn't already in play when you pass our terrarium.

460

01:04:07.800 --> 01:04:11.730

Town of Albion: It stops right there you don't have to consider that to show up here.

461

01:04:13.980 --> 01:04:14.550

Town of Albion: Right, but then.

462

01:04:16.260 --> 01:04:30.090

Town of Albion: They need to work out a lot and get that done work on a little on her cell phone manual work i'm no control and once in our program goes off and it kind of the other segments, you can call it off earlier than that if.

463

01:04:31.710 --> 01:04:43.800

Town of Albion: you're ready to support that moratorium, the time to develop to develop the line exactly yeah Those are the two steps you get more Miranda by yourself, the time and then.

464

01:04:45.000 --> 01:04:48.480

Town of Albion: comes the development of whatever controls you think are appropriate for your community.

465

01:04:50.070 --> 01:04:50.580

Thank you.

466

01:04:56.580 --> 01:04:59.850

Town of Albion: So i'll get with matt Johnson was not planned and.

467

01:05:02.550 --> 01:05:04.380

call a special meeting.

468

01:05:05.850 --> 01:05:07.080

initiate that correct.

469

01:05:09.570 --> 01:05:09.900

and

470

01:05:10.980 --> 01:05:11.370

Maybe.

471

01:05:12.450 --> 01:05:12.870

Some.

472

01:05:14.190 --> 01:05:17.490

Town of Albion: samples of other on in this picture does.

473

01:05:18.990 --> 01:05:23.760

Town of Albion: work with other communities and talk to y'all on that to get moving on maybe not fix it.

474

01:05:25.980 --> 01:05:28.980

Town of Albion: doesn't have to be real complicated yes yeah.

475

01:05:33.270 --> 01:05:37.770

Town of Albion: There was some things in there that wouldn't necessarily be right for us.

476

01:05:42.600 --> 01:05:44.160

Town of Albion: Okay, neither old business.

477

01:05:50.250 --> 01:05:50.670

Town of Albion: You.

478

01:05:52.110 --> 01:05:52.680

Town of Albion: don't mean.

479

01:06:04.470 --> 01:06:08.730

Town of Albion: I guess with zoom on insurance claim resolution.

480

01:06:11.760 --> 01:06:13.560

Town of Albion: With our agent.

481

01:06:15.720 --> 01:06:17.970

Town of Albion: Eastern shore nine.

482

01:06:20.460 --> 01:06:22.380

Town of Albion: To outside consultants.

483

01:06:22.500 --> 01:06:27.540

Town of Albion: Was 500 was.

484

01:06:31.470 --> 01:06:32.520

playing with.

485

01:06:34.650 --> 01:06:36.240

Town of Albion: US liability coverage.

486

01:06:39.480 --> 01:06:40.350

Town of Albion: One more.

487

01:06:43.590 --> 01:06:44.250

one.

488

01:06:48.480 --> 01:06:49.260

Town of Albion: More one.

489

01:06:51.030 --> 01:06:51.300

Town of Albion: More.

490

01:06:52.980 --> 01:06:53.370

Town of Albion: story.

491

01:07:01.440 --> 01:07:02.400

Town of Albion: What a very.

492

01:07:02.790 --> 01:07:04.170

Town of Albion: very interesting but.

493

01:07:09.480 --> 01:07:10.710

Town of Albion: Because we are not what we.

494

01:07:13.500 --> 01:07:14.130

want one.

495

01:07:17.310 --> 01:07:18.150

Town of Albion: thing we find that.

496

01:07:23.550 --> 01:07:23.970

Town of Albion: For.

497

01:07:30.360 --> 01:07:30.600

John Loura: You.

498

01:07:32.100 --> 01:07:32.580

When.

499

01:07:39.960 --> 01:07:39.990

I.

500

01:07:44.070 --> 01:07:46.170

Town of Albion: was young, my.

501

01:07:48.540 --> 01:07:48.840

Town of Albion: mom.

502

01:07:50.550 --> 01:07:50.910
Town of Albion: it's not.

503
01:07:52.410 --> 01:07:56.400
Town of Albion: very involved with involving there's anything wrong.

504
01:07:58.770 --> 01:07:59.790
Town of Albion: With the group actually.

505
01:08:01.950 --> 01:08:03.750
Town of Albion: The biggest is our.

506
01:08:05.220 --> 01:08:09.000
Town of Albion: Most of them are small, of the biggest item is the concrete floor.

507
01:08:11.820 --> 01:08:12.600
Town of Albion: August, and we have.

508
01:08:18.000 --> 01:08:18.360
Town of Albion: To be.

509
01:08:19.650 --> 01:08:22.410
Town of Albion: The the temperature range.

510
01:08:25.980 --> 01:08:35.910
Town of Albion: So that any plastic the case goes for the opportunity to it it's gonna be great so my library classroom inside.

511
01:08:37.170 --> 01:08:37.680
Town of Albion: So be.

512
01:08:38.790 --> 01:08:42.900
Town of Albion: Sure, to listen and then we do a ticket or sections of it.

513
01:08:43.980 --> 01:08:50.370
Town of Albion: So there the speaker said, we didn't do that now we're saying don't have that's availability.

514
01:08:52.530 --> 01:08:55.380
Town of Albion: So now is about 300,000.

515

01:08:56.730 --> 01:09:02.100

Town of Albion: dispute between everything and we offer additional hundred and 30,000 just to make a go.

516

01:09:04.140 --> 01:09:05.250

Town of Albion: be a little.

517

01:09:06.810 --> 01:09:07.320

Town of Albion: disposable.

518

01:09:09.780 --> 01:09:10.050

John Loura: chuck.

519

01:09:12.960 --> 01:09:13.500

Town of Albion: Wood that.

520

01:09:15.660 --> 01:09:17.160

Town of Albion: prohibit us from.

521

01:09:18.780 --> 01:09:27.750

Town of Albion: fixing the Lord something does break in the future, I mean from an insurance claim if the piping that in or we couldn't play.

522

01:09:28.830 --> 01:09:30.600

Town of Albion: No, no, this will come.

523

01:09:31.890 --> 01:09:35.700

Town of Albion: On hearing there's four times more and.

524

01:09:37.860 --> 01:09:40.440

Town of Albion: More were any major problem.

525

01:09:42.720 --> 01:09:47.250

Town of Albion: Some should be able to sort of surgically cut out areas they got.

526

01:09:48.870 --> 01:09:56.190

Town of Albion: That almost like X Ray machines work on concrete floors secret lab where everything's fine where and.

527

01:09:58.050 --> 01:09:59.100
Town of Albion: sort of circular.

528
01:10:02.790 --> 01:10:03.090
Town of Albion: Hopefully.

529
01:10:07.170 --> 01:10:15.720
Town of Albion: They didn't at first were not very responsible I didn't like me, are together again years later, they get a little bit of.

530
01:10:17.580 --> 01:10:17.970
John Loura: What.

531
01:10:18.810 --> 01:10:26.400
Town of Albion: was one of the employees started talking more like i'm doing, please read the fine line.

532
01:10:27.720 --> 01:10:41.010
Town of Albion: And we just couldn't get invited, I think, a couple of the other people from the church side we're starting to push me find this on a given that's all we needed we needed because the response largest been rejected.

533
01:10:42.060 --> 01:10:42.570
rejected.

534
01:10:44.130 --> 01:10:45.300
Town of Albion: And that was my great.

535
01:10:47.430 --> 01:10:50.070
Town of Albion: Young guy yeah yeah.

536
01:10:51.390 --> 01:10:52.440
Town of Albion: Right right, I agree.

537
01:10:53.640 --> 01:10:57.810
Town of Albion: he's the guy That was a key day right right right yeah.

538
01:11:00.660 --> 01:11:00.900
Town of Albion: yeah.

539
01:11:03.450 --> 01:11:10.470

Town of Albion: But once this is completed, then we can report on and know what's what's been done what happened.

540

01:11:11.550 --> 01:11:11.850

We.

541

01:11:13.980 --> 01:11:15.450

should have some type of resolution.

542

01:11:27.210 --> 01:11:28.290

Town of Albion: Okay, new business.

543

01:11:35.520 --> 01:11:39.420

Town of Albion: going to do some work at gaining on which we.

544

01:11:40.710 --> 01:11:41.490

Town of Albion: Obviously.

545

01:11:43.770 --> 01:11:45.360

want for a very short vigilant.

546

01:11:46.380 --> 01:11:52.560

Town of Albion: Basically you're just on us if they're gonna be doing construction because of that they will have restrictions.

547

01:11:53.700 --> 01:11:58.140

Town of Albion: speed limits weights dimensions white vehicles.

548

01:11:59.220 --> 01:12:02.670

Town of Albion: Things like that will be posted in restricted.

549

01:12:03.750 --> 01:12:09.330

Town of Albion: And I think they're just asking for us to say yes, we got this we know that's going to happen.

550

01:12:11.220 --> 01:12:17.490

Town of Albion: Right so it's in our Minutes we got it we understand that there will be some work.

551

01:12:28.680 --> 01:12:29.220

Town of Albion: Public.

552

01:12:31.110 --> 01:12:32.880

Town of Albion: Public employer health emergency.

553

01:12:34.770 --> 01:12:35.400

Town of Albion: All healthy.

554

01:12:36.780 --> 01:12:45.330

Town of Albion: Day don't and I submitted it we had to have a to Union by the fourth of February, which you have it.

555

01:12:47.700 --> 01:12:52.170

Town of Albion: The directions are separately, that we have to give them.

556

01:12:53.400 --> 01:12:54.390

John Loura: a reasonable amount of.

557

01:12:54.420 --> 01:12:59.220

Time to gamma tournament we don't have to make any changes, based on what they say.

558

01:13:00.810 --> 01:13:02.910

Town of Albion: They need to have a fangirl read it over and.

559

01:13:04.110 --> 01:13:04.590

sounds.

560

01:13:05.820 --> 01:13:07.140

Town of Albion: Good anything from them yet.

561

01:13:08.280 --> 01:13:11.220

Town of Albion: A few days and then, once it's done.

562

01:13:12.690 --> 01:13:20.400

Town of Albion: I don't, we hope, I don't even have to you have to adopt that i'd be happy with that that's it doesn't get submitted.

563

01:13:22.680 --> 01:13:23.040

Town of Albion: Via.

564

01:13:24.810 --> 01:13:30.330

Town of Albion: So that's a done deal, thank you for your help, are going to get through.

565

01:13:42.900 --> 01:13:43.740

Town of Albion: The years they.

566

01:13:47.640 --> 01:13:50.040

Town of Albion: were just distressed provider assessment.

567

01:13:51.720 --> 01:14:01.470

Town of Albion: and your town supervisor fault, I am ready to communicate important information about the distribution of the sales tax revenue in Australia county.

568

01:14:01.980 --> 01:14:16.830

Town of Albion: beginning in February 21 changes to New York state tax law requiring the office of state controller to little local sales tax collectors from counties and quarterly and smell elementary the pies of these funds into.

569

01:14:17.970 --> 01:14:18.420

John Loura: writer.

570

01:14:20.790 --> 01:14:23.850

Town of Albion: On the financial industry is hospitals and nursing homes.

571

01:14:26.130 --> 01:14:38.190

572

01:14:39.540 --> 01:14:52.290

Town of Albion: If you're arenas ability as a sales deck sharing agreement arrangement with a city or county a new state tax law provisions could impact the amount of funds available for sharing on entering the arrangement.

573

01:14:54.270 --> 01:14:59.430

Town of Albion: So it's good to know, I believe, we do have such an agreement will be taken ahead.

574

01:15:13.170 --> 01:15:15.660

Town of Albion: Regarding that franchise agreement.

575

01:15:17.280 --> 01:15:18.720

Town of Albion: charter communications.

576

01:15:20.790 --> 01:15:21.570

Town of Albion: else him.

577

01:15:23.340 --> 01:15:23.640

Town of Albion: She.

578

01:15:24.870 --> 01:15:25.920

Town of Albion: questioned her.

579

01:15:27.120 --> 01:15:29.130

Town of Albion: Face she can give me some ideas of.

580

01:15:31.590 --> 01:15:32.010

What.

581

01:15:33.960 --> 01:15:34.530

What was.

582

01:15:35.700 --> 01:15:37.170

Town of Albion: Can you explain a little about.

583

01:15:38.880 --> 01:15:54.390

Town of Albion: about the franchise very exciting, now we know for me tomorrow night, and I will give you the numbers info is it a standard format accounts have no money exchanges hands as 15 years standard amount of time expert hand and.

584

01:15:55.500 --> 01:16:03.210

Town of Albion: She wrote me back to this is a pretty standard agreement that we have to us execute with every municipality that we serve with cable TV.

585

01:16:03.840 --> 01:16:11.070

Town of Albion: Most of the doctor outline state and federal regulations current agreement in town is free zero percent gnocchi.

586

01:16:11.520 --> 01:16:28.230

Town of Albion: The town has the option to implement a franchise fee, which is outlined in section of the graph provided to you legal limit for

the franchise just 5% so the town can implement a franchise fee anywhere between zero and five.

587

01:16:29.490 --> 01:16:33.480

Town of Albion: franchises best fee is passed through to subscribers.

588

01:16:33.960 --> 01:16:40.800

Town of Albion: So cable television subscribers will see a line item on their bill for the theme based on cost of their TV services.

589

01:16:41.820 --> 01:16:50.820

Town of Albion: Your state public service people's allow for the agreement to be 15 years but now look like a shorter term, we would sign in terms.

590

01:16:52.080 --> 01:16:53.310

Town of Albion: of any other concerns.

591

01:16:55.110 --> 01:16:55.380

So.

592

01:16:57.660 --> 01:16:59.640

Town of Albion: Before we get into that you want to.

593

01:17:00.900 --> 01:17:05.730

Town of Albion: pay are paying us back \$433 we hadn't paid last year.

594

01:17:07.230 --> 01:17:10.860

Town of Albion: For the county is please send us that work immediately.

595

01:17:12.480 --> 01:17:15.030

Town of Albion: took it out of our, the only thing.

596

01:17:16.500 --> 01:17:18.360

Town of Albion: He didn't pay your time order.

597

01:17:20.310 --> 01:17:29.490

Town of Albion: Honey wanted their money, so we have paid out of what was left over from the interest and late fees \$433.

598

01:17:31.890 --> 01:17:33.540

Town of Albion: To that account.

599

01:17:35.970 --> 01:17:38.580

Town of Albion: So they're reimbursed so now imagine.

600

01:17:39.600 --> 01:17:45.690

Town of Albion: Like that I offer a conservation director on whether you decided to return as a franchisee.

601

01:17:46.800 --> 01:18:00.660

Town of Albion: What that didn't mention is that if you oppose a franchise fee the Time Warner spectrum, or it is allowed to keep that from the amount of money, otherwise paid.

602

01:18:01.260 --> 01:18:12.600

Town of Albion: Or the physical facilities in real property, the cable wallet all the stuff that they have that they pay taxes on, even though they may not own property they have all these facilities, because they pay taxes on.

603

01:18:13.350 --> 01:18:25.530

Town of Albion: Whatever whenever they have to pay you through the franchise be pleasing deduct off the thanks building so it's that zero for them, except that now they're going into the.

604

01:18:26.850 --> 01:18:34.470

Town of Albion: Cable customers pocket and taking a couple more dollars, so what basically does is it lets the utility.

605

01:18:35.490 --> 01:18:37.920

Town of Albion: raise the rates by charging your consumers.

606

01:18:37.920 --> 01:18:55.500

Town of Albion: er and not pay any more to the talent and the last never seen this happen unless he did the calculation and he found out that 5% of it, though ended up to more than the grand her pain content i've never seen that.

607

01:18:56.520 --> 01:19:10.470

Town of Albion: But I suppose it's theoretically possible no longer support Intel but in most cases it's it's a net to zero, and you know the the cable company comes out just fine you don't come out any further ahead.

608

01:19:11.820 --> 01:19:14.730

Town of Albion: So a point where stuff other than oh.

609

01:19:18.270 --> 01:19:22.050

Town of Albion: yeah there is that and then everybody who get satellite today that.

610

01:19:25.020 --> 01:19:25.410

Town of Albion: I think.

611

01:19:28.080 --> 01:19:29.340

Town of Albion: It is well.

612

01:19:30.450 --> 01:19:38.490

Town of Albion: All I got a question for you deal with coworkers but a little miffed to them, and they are totally against this.

613

01:19:39.780 --> 01:19:45.420

Town of Albion: Because there's another cable company once again the town of Paris.

614

01:19:46.470 --> 01:19:48.960

Town of Albion: And this reach for the other companies.

615

01:19:51.090 --> 01:19:52.230

Town of Albion: I do not believe that.

616

01:19:53.640 --> 01:19:55.380

Town of Albion: issue respects first is.

617

01:19:55.800 --> 01:19:57.060

Town of Albion: Another company.

618

01:19:57.510 --> 01:19:58.530

comes to offer.

619

01:19:59.580 --> 01:20:07.440

Town of Albion: Video services when he came in, but you may know, they heard about getting high speed internet Tom was the fiber optic.

620

01:20:08.490 --> 01:20:23.640

Town of Albion: And that the people are providing that want to provide video services as well, I don't know where they were on that they were

going to be pursuing that, however, I think, if you hit the idea that you have and it's probably basically the same as.

621

01:20:24.990 --> 01:20:35.520

Town of Albion: Parish, as I believe these are all non exclusive franchises so you cannot you cannot if you had a happy with the parties that own company has to offer video services that.

622

01:20:36.510 --> 01:20:48.000

Town of Albion: They like to the Internet company wants to do it you've already got to come up with a business that is are all night exclusive so we shot anybody else out and it doesn't cut down on competition.

623

01:20:49.230 --> 01:20:50.520

Town of Albion: And that's the case in parishes well.

624

01:20:51.780 --> 01:20:52.680

And that's true.

625

01:20:54.720 --> 01:20:56.850

For that, because I thought the same thing that.

626

01:20:58.950 --> 01:21:00.240

Town of Albion: Nobody else can command but.

627

01:21:03.030 --> 01:21:06.780

Town of Albion: They would say right up front, the document that he can manage a franchise.

628

01:21:12.690 --> 01:21:14.010

Town of Albion: So you want to.

629

01:21:18.810 --> 01:21:19.680

sign that agreement.

630

01:21:32.040 --> 01:21:32.640

March.

631

01:21:36.600 --> 01:21:38.370

Town of Albion: prior to the meeting and six o'clock.

632

01:21:43.740 --> 01:21:44.550

John Loura: didn't take very long.

633

01:21:46.920 --> 01:21:48.630

Town of Albion: Very good, how are you.

634

01:21:54.090 --> 01:21:54.540

Okay yeah.

635

01:22:03.780 --> 01:22:05.040

Town of Albion: yo yo.

636

01:22:55.230 --> 01:22:56.670

Town of Albion: Standard work day.

637

01:22:59.520 --> 01:23:00.960

Town of Albion: For the retirement system.

638

01:23:04.590 --> 01:23:07.530

Town of Albion: To SS resolution.

639

01:23:10.590 --> 01:23:16.650

Town of Albion: stating the standard workdays could have just this account where I always pretend that the assessor work work.

640

01:23:17.850 --> 01:23:20.460

Town of Albion: Then, it has to be posted for 30 days.

641

01:23:22.200 --> 01:23:31.050

Town of Albion: And it has to be sent to the retirement system so that everything is in order, because as of right now, they send it.

642

01:23:32.460 --> 01:23:38.040

Town of Albion: Through retirement of the town justice, the assessor in the town.

643

01:23:39.330 --> 01:23:39.900

So I have.

644

01:23:41.430 --> 01:23:46.050

Town of Albion: Many, many, many hours figuring this all out and kind of a.

645

01:23:47.190 --> 01:23:58.170

Town of Albion: Guy from the retirement system very helpful, everything has literally is peace cross on real stuff so anyway.

646

01:24:01.050 --> 01:24:12.150

Town of Albion: Resolution they actually send you the resolution be resolved out of Albion location code 3020 600 by established calming standard workspace for these titles.

647

01:24:12.690 --> 01:24:19.980

Town of Albion: and will report, the officials to New York state and local retirement, based on their average of activities which they have all completed.

648

01:24:21.900 --> 01:24:36.150

Town of Albion: Howard elena's town justice is a six hour standard work day TV forward where our standard work day that benefits the highway superintendent at our standard work day Michael maxwell's after.

649

01:24:36.450 --> 01:24:37.380

John Loura: six hours.

650

01:24:37.980 --> 01:24:42.870

Town of Albion: Work a chance, and this work, work six hours standard work day.

651

01:24:44.280 --> 01:24:44.610

So.

652

01:24:49.230 --> 01:24:49.680

Town of Albion: amy.

653

01:24:51.000 --> 01:24:54.000

Town of Albion: fills out the rest and then we post it.

654

01:24:56.910 --> 01:25:03.870

Town of Albion: So I have a motion to accept are you talking every day that they do that.

655

01:25:07.170 --> 01:25:22.260

Town of Albion: You have to have our work that's their standard work day and then from that the hours, for instance body works 4.7 hours per month that's how much he goes to the.

656

01:25:23.040 --> 01:25:23.520

terms.

657

01:25:25.170 --> 01:25:29.910

Town of Albion: Like Maxwell the assessors three to three days so everything is based on.

658

01:25:31.110 --> 01:25:32.700

Town of Albion: That work day.

659

01:25:44.370 --> 01:25:51.990

Town of Albion: No, not necessarily what changed is the amount of hours after that calculation.

660

01:25:53.640 --> 01:26:03.930

Town of Albion: So I used to be at 10 hours per month he's now down 4.75 hours, just because of the way everything works.

661

01:26:05.340 --> 01:26:06.930

Town of Albion: So you have to do an adjustment.

662

01:26:08.220 --> 01:26:09.000

Town of Albion: So that's why they.

663

01:26:13.230 --> 01:26:14.700

Town of Albion: Actually, did the record.

664

01:26:19.290 --> 01:26:19.740

Town of Albion: To the.

665

01:26:21.780 --> 01:26:24.660

Town of Albion: team, and they can ask this revolution.

666

01:26:25.980 --> 01:26:35.250

Town of Albion: But apparently they got lost in the mail somehow or another, and I never got the final copies, and then, so we basically had every good.

667

01:26:36.660 --> 01:26:37.200

Town of Albion: too long.

668
01:26:45.360 --> 01:26:45.960
So.

669
01:26:47.670 --> 01:26:47.970
So.

670
01:26:51.000 --> 01:26:55.020
Town of Albion: me as you sign.

671
01:26:56.490 --> 01:26:58.020
Town of Albion: up for my happy.

672
01:27:04.020 --> 01:27:04.920
Town of Albion: So let's make sure we.

673
01:27:08.100 --> 01:27:08.520
can get.

674
01:27:09.930 --> 01:27:10.590
Town of Albion: To them.

675
01:27:19.980 --> 01:27:20.790
Town of Albion: last thing.

676
01:27:22.530 --> 01:27:24.210
Town of Albion: Good I have a motion.

677
01:27:25.290 --> 01:27:26.970
Town of Albion: go into executive session.

678
01:27:28.140 --> 01:27:29.100
Town of Albion: To discuss.

679
01:27:33.720 --> 01:27:34.500
Town of Albion: Matters leading.

680
01:27:35.820 --> 01:27:37.980
Motion appointment appointment disciplining.

681
01:27:39.330 --> 01:27:40.380

Particular employee.

682

01:27:41.760 --> 01:27:42.120
person.

683

01:27:43.470 --> 01:27:43.860
Second.

684

01:27:53.820 --> 01:27:55.170
Town of Albion: Brenda would you join us, please.

685

01:28:03.510 --> 01:28:04.380
John Loura: must be somebody in.

686

01:28:05.040 --> 01:28:06.600
John Loura: Your body.

687

01:28:13.980 --> 01:28:14.220
Town of Albion: question.

688

01:28:17.250 --> 01:28:18.450
Town of Albion: We discussed in there.

689

01:28:19.170 --> 01:28:19.920
Town of Albion: How can we.

690

01:28:22.620 --> 01:28:25.140
Town of Albion: say what we're going to do to change.

691

01:28:26.730 --> 01:28:28.500
Town of Albion: Your emotion your.

692

01:28:31.740 --> 01:28:32.760
Town of Albion: Point appointed position.

693

01:28:35.940 --> 01:28:37.350
Town of Albion: And this.

694

01:28:41.550 --> 01:28:42.270
should be.

695

01:28:48.840 --> 01:28:50.580

Town of Albion: \$14 per hour.

696

01:28:54.150 --> 01:28:54.630

Town of Albion: per hour.

697

01:29:10.920 --> 01:29:13.710

Town of Albion: Okay now \$40 an hour for what.

698

01:29:15.480 --> 01:29:16.230

Town of Albion: maintenance.

699

01:29:20.400 --> 01:29:22.110

Town of Albion: And what for.

700

01:29:45.150 --> 01:29:45.600

Town of Albion: motion.
